3 Video Format and Uploads

- 3.1 Videos should be in MP4 (mpeg4) format and uploaded via a private video sharing platform such as DropBox or We Transfer. If this isn't possible then a password protected video hosting site should be used such as Vimeo. For security reasons YouTube should **not** be used.
- 3.2 Please name your video files in the following format: Surname_First Name_Work Title.
- 3.3 Please ensure you only upload your final video submission and provide a link to one video only.
- 3.4 The **Photograph and filming/recording consent form** must be completed for all performers and submitted with your Entry Form and video link. If under 18 years of age a parent or guardian must sign the consent form.
- 3.5 Videos of the Choreographed Works are created exclusively for the *MadeBy* Initiative and must not be uploaded to any public website or social media channel or submitted into any other competition
- 3.6 Videos should be filmed in **landscape orientation** clearly showing the whole studio or dance space and the whole body of the performers. No close-ups are required. The camera should remain static throughout the recording.
- 3.7 The work should be filmed in one continuous take and should not be edited in any way.
- 3.8 Please ensure the music can be clearly heard on the video.
- 3.9 Choreographed works should be filmed in a suitable dance environment, such as a dance studio. It is the Entrant's responsibility to ensure safe and adequate space and environment for filming.
- 3.10 The video does not have to be done by a professional. The entrant can film the Choreographed Work

themselves, as long as the footage (including sound) is clear. The recording will not be judged in any way.

- 3.11 For security reasons, it is not recommended to use a mobile device (e.g. phone, tablet). It is preferable that Entrants use a camera with (preferably password protected) memory card. If Entrants choose to use a mobile device, the video should be transferred, immediately after the filming, to another more secure device (e.g. computer) and once transferred, should be deleted from the mobile device.
- 3.12 The RAD will not reimburse Entrants if they choose to engage a professional camera person.
- 3.13 If an Entrant chooses to engage a professional camera person, then an agreement needs to be signed between the Entrant and this videographer and the Entrant does so at their own risk.
